

SL BABY COTTON

- **Target Mass:** Parents who have or are expecting Babies
- **Theme:** While the series offers mothers an environment where they can peacefully lull their babies to sleep, with the cute rocking horse figure on it and the pure-white texture that is as soft as a baby's skin, it also offers a convenient room that fits the mother's taste by its modern lines and functionality.

- **Segment:** Babies and Kids
- **Features:** Full series in soft dull white color

- **Age Range:** 0-14 Years
- **Certificates:** E1, TSE

• All sharp edges are rounded for safety reasons and are made even cuter.

- The number of shelves in the closet is increased so that your articles may be better organized.
- 2 drawers are added inside the closet so that it is handier.
- Hanger apparatuses are increased so that your garments are not jammed and you are able to hang more garments.
- Our lowest hanger apparatus is designed so that it may be removed at your option.

- Functional drawers

- Similar to the 3-door closet, the number of shelves in the 2-door closet is increased so that your articles may be better organized.
- Hanger apparatuses are increased so that your garments are not jammed and you are able to hang more garments.
- Our lowest hanger apparatus is designed so that it may be removed at your option.

- Thanks to the illuminated hanger apparatus, you may collect your articles without bothering your baby.

- **Triple compartments** are added into the two drawers in the dresser so that it is easier for you to sort and organize your baby's articles.

BABY COTTON

Technical Details

- Technical design that is in compliance with the TÜV GS (European) standard on safety, health and ergonomic conditions.
- The used fittings are in compliance with the GS and TSE standards, from suppliers such as Hafele-Hettich-Muzzini Samet.
- Illuminated hanger has been used for closet inner compartment lighting.
- The 2-door and 3-door closets are equipped with adjustable legs to allow floor level adjustment.
- Wall fixation apparatus has been used to prevent the closets and dressers from falling over.
