

Imagine

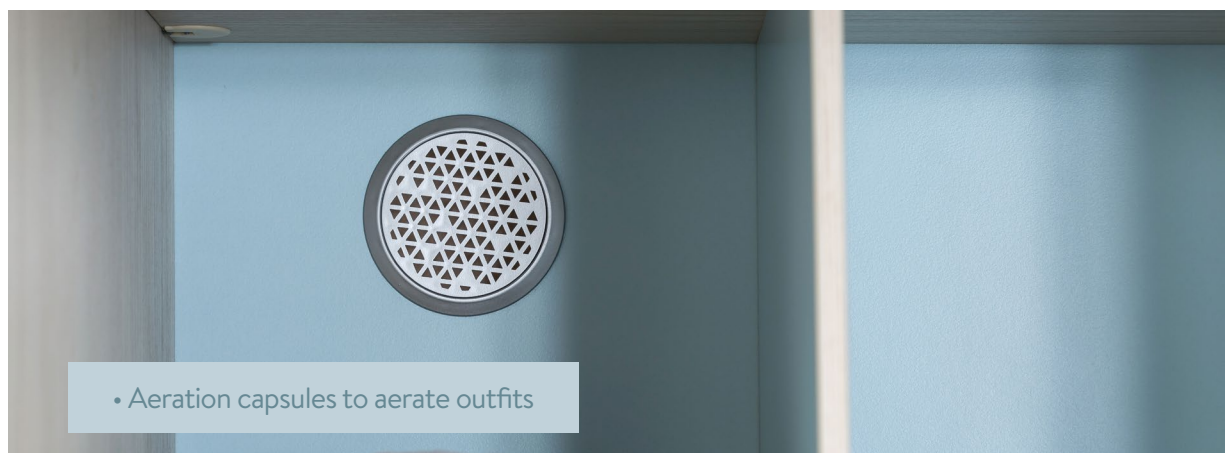

BABY BOY

- **Target Mass:** Parents Expecting Babies
- **Characteristics:** Complete series in soft matt white

- **Segment:** Babies and Children
- **Color Alternatives:** Blue

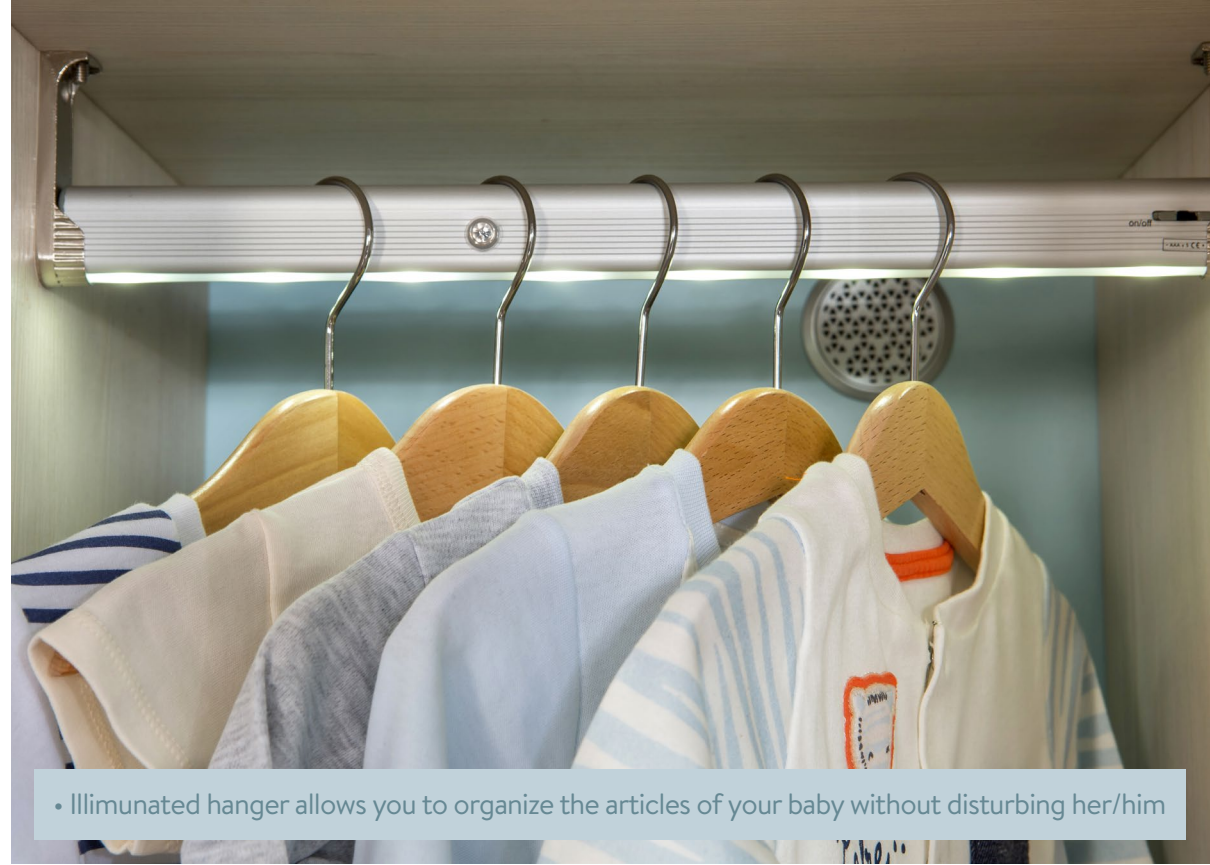

- **Age Range:** 0-14 Years
- **Certificates:** TSE

• Aeration capsules to aerate outfits

• Functional drawers

• Illuminated hanger allows you to organize the articles of your baby without disturbing her/him

• New three divisions have been designed, in addition to two drawers in the dresser, in order to ease you to partition the articles of your baby

• When your baby grows, our bed may be transformed into a larger bed and a separate, wide night stand, by a simple assembly. The mattress of 75x160 cm dimensions allows the ability to be used up to 9-12 years of age

• It has a wide night stand with shelves and partitioned drawers in order to sort articles

• Our sleep set has been sewn with care by skilled hands, using different fabrics, embroidery and bias tapes

Technical Details

- It has been technically designed in compliance with the TÜV GS (European) standards on safety, health and ergonomic conditions.
- Fittings elements of suppliers such as Hafele-Hettich-Muzzin Samet, in compliance with the GS and TSE standards, are used.
- The plastic components do not contain any substances that are hazardous for health and they have been produced with the injection method.
- The 2-door and 3-door wardrobes are equipped with adjustable legs, in order to allow for floor adjustment.
- The bed has double functions, allowing the mattress area to be increased by removing the railings and the night stand.

Used Materials

- It has been manufactured of melamine chipboard and mdf panels at E0 standards, at thicknesses of 16.8mm and 4mm.
- The panel edges are covered by polyurethane based adhesive and 0.40 and 2mm thick PVC foil at the straight and curved edges.
- Silk-screened, polyester based handles and accessories, specific to the series have been used.
- The side railings are made of mdf profiles 15mm diameter plastic pipes.
- Tandem rail (with brake) has been used in the drawers. It has a load capacity of 30kg.
