FAIRY BABY BED

- **Target Mass:** Parents who have or are expecting Babies
- **Theme:** Coach

- **Segment:** Baby
- **Features:** White lacquer color, soft padded headboard and decorative mosquito net holder

- **Age Range:** 0-4 Years
- **Certificates:** E1, TSE

Technical Details

- 16 mm and 8 mm thick melamine coated chipboard,
- 22 mm MDF at the castors,
- 0.4 mm and 2 mm thick PVC side bands have been used.
- Metal and plastic based fitting elements and accessories have been used.
- The textile parts have been manufactured using 100% cotton fabric, thread and foam rubber.
- Plexiglas material has been used as the front barrier.

Version Specifications

- We have provided a safer and healthier sleeping environment for babies, thanks to the flexible Plexiglas material used at the front barrier.
- We have offered our customers different options to choose from by selling the mosquito net and the sleeping set separately, similar to our other beds.
- Our bed has been manufactured in white lacquer color with a rich appearance, is ensured to match with more of our series.
- Best fabrics of Sertex have been used in the quilted fabric upholstery and offer mothers great ease by its wipe-clean feature.
- Our bed's mattress of our bed has been designed so that it can be raised up and lowered down incrementally, just as the mothers want. The mattress is placed at the top at 10 cm so that the mother is allowed to reach the baby easily during the first months; then it can be lowered down by 10 cm so that a safe area is provided as the baby starts to stand up and walk in the following months.
