## Technical Details

## Furniture

- The body material is made of polystyrene and shaped thermoformed.
- The desk panel is E1 standard, innocuous 25 mm thick melamine chipboard, which is extremely resistant against scratching, wearing, and humidity.
- The sides are covered with a 2 mm thick edge band.
- All fittings used are TÜV-GS and TSE standards compliant.
- Eyes are magnetically attached into their sockets and can revolve around their axes.
- ABS and polyurethane materials are used in eyes and teeth.
- The teeth feature three level touch sensitive lighting that operates on 12 V, which is completely hazard free.
